

## Head of Finance (m/f/d)

Honest Food is Europe's leading „Ghost Restaurant“ chain - parent company to the most beloved and successful food delivery brands on the continent. All our virtual restaurant brands are developed specifically for delivery and can only be purchased online through platforms like Deliveroo or Foodora. Our family of digitally optimized partner restaurants prepare the food with the highest attention to detail to make sure that each household in every region can enjoy the perfect food delivery experience at any time.

Since the company's foundation in 2017, we've worked hard to become one of Europe's fastest growing companies in food tech. Whilst a lot has been achieved already, we are hungrier than ever to completely change the rules of global food delivery. We believe that highly motivated and talented people are the key to master our ambitious goals ahead. We are expanding strongly, backed by some of the most prominent VCs in tech. Join our team now, we are hiring the best talent on every position.

To facilitate the high growth of our company and to dominate the market with world class operations, we are hiring a **Head of Finance** that leads our finance department.

### Your position:

- Manage our investor relations by preparing financial reports and by directly communicating with our international tier one investors
- Expand our finance, controlling and accounting infrastructure to new countries in close cooperation with our operational teams
- Drive operational excellence into the entire organization by implementing reporting structures and processes; develop reporting dashboards for functional teams together with our internal IT and BI teams
- Manage our budgeting process and set annual budgets for each country and each department; supervise financial performance against budget
- Lead our accounting team and manage the cooperation with our external tax advisor; manage the annual audit process and ensure compliance to accounting standards
- Plan and manage our cash flow and optimize working capital requirements
- Lead future financing rounds (Series B) together with the founders

### Your profile:

- Top of the line analytical & quantitative skills, paired with hands-on growth mentality
- Strong leadership and communication skills with experience in building and managing teams
- High attention to detail and ability to juggle multiple tasks and conflicting deadlines at once
- Entrepreneurial mindset and business sense to handle investor relations and department heads
- Above average university degree in business administration from top-tier university
- 5+ years of professional experience, thereof 2+ years in management consulting or proven track record in similar position

### What we offer:

- Opportunity to significantly shape one of the fastest growing consumer brand companies in food tech with massive public exposure, well-funded by tier one venture capital
- High potential for personal growth and fast career development
- Steep learning curve and direct work in strategic projects with Honest Food's leadership team
- Dynamic, fast paced environment and an amazing, passionate team in the heart of Berlin
- Free food and drinks - after all we are in the food business and have our own office chef :-)
- Attractive salary and benefits package

**Ready to lead our Finance team? We are looking forward to meeting you!**
